FreeFall® SC Cotton Defoliant

EPA Reg. No. 228-653

SLN # TX-200004

For Post-Harvest Control of Cotton

FOR DISTRIBUTION AND USE ONLY IN THE STATE OF TEXAS

This label expires on December 31, 2025, and must not be used or distributed after this date

DIRECTIONS FOR USE

IT IS A VIOLATION OF FEDERAL LAW TO USE THIS PRODUCT IN A MANNER INCONSISTENT WITH ITS LABELING. THIS STATE-SPECIFIC SLN LABELING MUST BE IN THE POSSESSION OF THE USER AT THE TIME OF APPLICATION. FOLLOW ALL APPLICABLE DIRECTIONS, RESTRICTIONS, AND PRECAUTIONS ON THIS SLN LABELING AND THE LABEL AFFIXED TO THE PRODUCT CONTAINER

Application Instructions for Post-Harvest Control of Cotton

Tank Mix with a Herbicide Product

Apply FreeFall SC Cotton Defoliant at a rate of 3.2 fl oz/A (0.1 lb a.i./A) with a herbicide product registered for post-harvest applications intended to terminate the cotton crop.

For best results, wait to apply until 2 weeks after final harvest or until adequate regrowth has occurred. Improved regrowth suppression has been shown when crop oil concentrate at 1% v/v is mixed with this product.

Restrictions

- Do not exceed the maximum single application rate of 3.2 fl oz/A (0.1 lb a.i./A).
- Do not make more than two pre-harvest applications, or two post-harvest applications, or a total of three applications per year.
- Do not exceed the total maximum application rate of 9.6 fl oz/A (0.3 lb a.i./A) per year from all pre-harvest and post-harvest applications.

NOTICE

Read the "WARRANTY DISCLAIMER" and "LIMITATION OF LIABILITY" in the label booklet for this product before using this product. Those terms apply to this supplemental labeling and if those terms are not acceptable, return the product unopened at once.
